

SSIC-2019

Call for Workshops

The objective of a Scientific Workshop at SSIC 2019 is to give researchers the opportunity to present and receive feedback on early research results. The objective of an Industrial Workshop is to create an environment for IoT pioneers and practitioners in industry to share hands-on experience with IoT systems. Tutorials are supposed to teach participants hands-on practical knowledge about emerging IoT technologies and enable them to use the learned technology for their own projects.

Themes of the Workshop:

Affective Computing

High-Performance Computing

Agriculture Automation

Image and Video Processing

Applied Electromagnetics in Smart Systems

Intelligent Power Systems and Environments

Big Data and Smart Systems

Intelligent Transportation Systems

Biometrics and Smart Systems

Mobile and Wireless Networks

Cloud Computing

Security and Privacy

Communication Systems

Smart Antennas

Computational Intelligence

Smart Health

Control Systems and Robotics

Smart Houses and Cities

Cyber-Physical Systems

Smart Systems and Technologies in Education

Dependable Computer Systems

Smart Systems for Green Energy

Embedded Computer Systems

Smart Systems in Business Information Systems

Green Communication

Green Computing

Software Engineering for Smart Systems

Proposal form for workshop

This form is for a workshop in SSIC-2019 at Manipal University Jaipur.

The following information will be used to conduct an assessment of your proposed Workshop. Please fill out each section thoroughly, as this will assist in expediting the review process. Once submitted and approved by Review committee, the proposal will be finally considered.

NAME OF THE WORKSHOP:

GOALS OF THE WORKSHOP:

SPEAKER OF THE WORKSHOP:

(Please list speaker, including name(s), affiliation(s), and email address)

PLANS FOR THE PARTICIPATION:

EXPECTED NUMBER OF ATTENDEES:

PLANNED LENGTH OF THE WORKSHOP:

PLANS FOR PUBLICITY:

ADDITIONAL INFORMATION:

(If there is any additional information that you would like to make us aware of, please include the details here)

Thank you for your interest in SSIC-2019!

To submit your proposal, please save it to your computer and then send it to our Acquisitions committee at **ssic.muj@gmail.com** as an email attachment. We also ask that you please submit the most recent copy of your CV/resume to accompany your proposal.

PLEASE NOTE:

Organizers should await SSIC approval of the included program committee membership prior to sending out participation invitations.
